

# ST. JAMES RELIGIOUS EDUCATION

## GRADES 7 & 8

Our Religious Education Program is doctrinally based, and follows the belief that parents are the first and primary educators of their children. As parents you have a unique role in the religious formation of your child. The Church views this role of parents as both a privilege and a responsibility. It is within your family that your child has first come to faith. It is within your family that your child will continue to live out faith and witness the daily example of Catholic believers. We, at St. James, are committed to assisting as parents guide their child's faith life and journey together to a greater understanding of our Catholic heritage.

Religious Education classes for grades seven and eight are held Sundays from 12:45pm to 1:45 pm in St. James School. Classes meet from mid September to early/mid May with some weekends off that correspond to public school holidays. Recognizing how one year builds upon another, parents should note the importance of consistent and sequential attendance of their children in our Religious Education classes.

Sunday classes are scheduled around our mass times so that families can attend mass without a conflict.

**Classes are in no way intended to replace Mass and children are expected to attend a weekend Mass in addition to attendance at Religious Education.**

Our Religious Education Program has a team of volunteer catechists (teachers), aides, and substitutes who are committed to sharing their faith and their gifts with the children of our parish. All adult volunteers are *Virtus* certified and are also encouraged to enrich their own faith formation by attending basic and advanced Catechetical training. We are fortunate to have such a dedicated team and are always open to welcoming new members to our Religious Education family.
